

EXAM BOARD CONTACT LIST

In the United Kingdom, there are several bodies which oversee qualifications examinations and assessments.

These organisations advise awarding bodies on how to formulate criteria, final portfolios and examinations and the overall 'levelness'--3,4,5, etc.

Part of the function of these organisations is standardising qualifications so employers can be confident that students, no matter what area of the country they study in, are equally well-informed and have covered the same criteria.

If you wish to find out any information about how assessment and exams may be affected by the COVID 19 lockdown, click on the 'here' link for your region.
